

## STRAWBERRY CHAMPAGNE SQUISHY

### INGREDIENTS

1 cup fresh strawberries, washed, hulled and diced  
1/3 cup sugar  
1 ounce Elderflower Liquor (St. Germaine)  
top with Champagne or Sparkling Wine

### DIRECTIONS

In your food processor or blender, pulse the strawberries with the sugar until very smooth. In a chilled glass of your choice (I used a martini glass, but a champagne flute would work just as well), spoon 2 ounces (4 tablespoons) strawberry puree and add once ounce St. Germaine. Top with champagne or sparkling wine and serve immediately.
