

## SPRING SANGRIA

### INGREDIENTS

1 (750 ml) bottle of fruity white wine  
1/4 cup Lemoncello  
1/2 cup Absolut Citron  
2 cups Sprite (you can also use lemon lime sparkling water)  
2 cups pineapple juice  
1/2 cup orange juice  
sliced lemons, lime, and orange

### DIRECTIONS

In a large pitcher, stir together the wine, vodka, lemoncello, Sprite, pineapple juice, and the orange juice. Then gently stir in the slices of fruit. Refrigerate the sangria for about 2 hours and serve.

Note: Soaking citrus fruits for too long can result in a bitter taste. If you are not going to serve the sangria within a few hours of making it, I recommend waiting to add the fruit until you are ready to serve it.
